# Material Safety Data Sheet

**ECOLAB**

TOR HB

## Section 1. Chemical product and company identification

Trade name : TOR HB  
 Product use : Cleaner and disinfectant  
 Supplier : Ecolab Inc. Professional Products Division  
 370 N. Wabasha St.  
 St. Paul, MN 55102  
 1-800-247-5362  
 926717-01  
 Code : 10-April-2006  
 Date of issue : 61178-1-303  
 EPA Registration No. : 61178-1-303  
**EMERGENCY HEALTH INFORMATION: 1-800-328-0026**  
**Outside United States and Canada CALL 1-651-222-5352 (in USA)**

## Section 2. Composition, information on ingredients

Name	CAS number	% by weight
poly(Oxy-1,2-ethanediyl), -alpha-(nonylphenyl)-, omega -hydroxy- sodium carbonate	9016-45-9	1 - 5
quaternary ammonium compounds, c12-14-alkyl(ethylphenyl)methyltrimethyl-, chlorides	497-19-8	1 - 5
quaternary ammonium compounds, benzyl-c12-18-alkylmethyl-, chlorides	85409-23-0	1 - 5
quaternary ammonium compounds, benzyl-c12-18-alkylmethyl-, chlorides	68391-01-5	1 - 5

## Section 3. Hazards identification

Physical state : Liquid, (Liquid)  
 Emergency : DANGEROUS  
 Overview : CAUSES EYE AND SKIN BURNS.  
 HARMFUL IF SWALLOWED.  
 MAY CAUSE RESPIRATORY TRACT IRRITATION.  
 COMBUSTIBLE LIQUID AND VAPOR.  
 VAPOR MAY CAUSE FIRE.

Potential acute health effects  
 Eyes : Corrosive to eyes.  
 Skin : Corrosive to the skin.  
 Inhalation : Moderately irritating to the respiratory system.  
 Ingestion : Harmful if swallowed. Causes burns to mouth, throat and stomach.  
 See Toxicological Information (section 11)

## Section 4. First aid measures

Eye contact : In case of contact, immediately flush eyes with cool running water. Remove contact lenses and continue flushing with plenty of water for at least 15 minutes. Get medical attention immediately.  
 Skin contact : In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse. Clean shoes thoroughly before reuse. Get medical attention immediately.  
 Inhalation : If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention immediately.  
 Ingestion : Rinse mouth; then drink one or two large glasses of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.

## Section 5. Fire fighting measures

Flash point : 48,889 °C (Closed cup)  
 Fire-fighting media and instructions : In case of fire, use water spray (fog), foam, dry chemical, or CO<sub>2</sub>.  
 Special protective equipment : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.  
 Dike liquid for later disposal.  
 Combustible liquid and vapor. Vapor may cause fire. Vapors may accumulate in low or confined areas or travel a considerable distance to a source of ignition and flash back. Runoff to sewer may create fire or explosion hazard.

## Section 6. Accidental release measures

Personal precautions : Immediately contact emergency personnel. Eliminate all ignition sources. Keep unnecessary personnel away. Use suitable protective equipment. Do not touch or walk through spilled material.  
 Environmental precautions : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.  
 Methods for cleaning up : If emergency personnel are unavailable, contain spilled material. For small spills, add absorbent (soil mat) may be used in the absence of other suitable materials) and use a non-sparking or explosion-proof means to transfer material to a sealable, appropriate container for disposal. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. Place spilled material in an appropriate container for disposal.

## Section 7. Handling and storage

Handling : Do not ingest. Do not get in eyes, on skin or on clothing. Keep container closed. Use only with adequate ventilation. Avoid breathing vapor or mist. Keep away from heat, sparks and flame. To avoid fire, eliminate ignition sources. Wash thoroughly after handling.  
 Storage : Keep out of the reach of children. Store in a segregated and approved area. Keep container in a cool, well-ventilated area. Keep container tightly closed and sealed until ready for use. Avoid all possible sources of ignition (spark or flame). Store between 15 and 30°C.

## Section 8. Exposure controls, personal protection

Engineering controls : Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective occupational exposure limits. Provide eyewash and safety shower in area if contact or splash hazard exists.  
 Personal protection : Use chemical splash goggles. For continued or severe exposure wear a face shield over the goggles.  
 Hands : Use chemical-resistant, impervious gloves.  
 Skin : Wear suitable protective clothing.  
 Respiratory : Avoid breathing vapors, spray or mists.  
 Consult local authorities for acceptable exposure limits.

## Section 9. Physical and chemical properties

Physical state : Liquid, (Liquid)  
 Color : Yellow, (Dark.)  
 Odor : Pungent.  
 pH : 11.5 (100%)  
 Boiling/condensation point : 100 °C  
 Specific gravity : 1.04 (Water = 1)

**Section 10. Stability and reactivity**

Stability : The product is stable.  
 Reactivity : Slightly reactive to reactive with organic materials, acids.

**Section 11. Toxicological information**

Potential acute health effects  
 Eyes : Corrosive to eyes.  
 Skin : Corrosive to the skin.  
 Inhalation : Moderately irritating to the respiratory system.  
 Ingestion : Harmful if swallowed. Causes burns to mouth, throat and stomach.  
 Potential chronic health effects

**Section 12. Ecological information**

Products of degradation : These products are carbon oxides (CO, CO<sub>2</sub>) and water. Some metallic oxides.

**Section 13. Disposal considerations**

Waste disposal : The generation of waste should be avoided or minimized wherever possible. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.  
 Waste classification : Unused product is D001 (ignitable).  
 Consult your local or regional authorities.

**Section 14. Transport information**

Regulatory information	UN number	Proper shipping name	Class	Packing group	Additional information
DOT Classification	Not regulated.				

APPLIES ONLY DURING ROAD TRANSPORT  
 Any variation of the shipping description based on the packaging is not addressed.

**Section 15. Regulatory information**

HCS Classification : Combustible liquid  
 U.S. Federal regulations : Corrosive material  
 : SARA 302/304/311/312 extremely hazardous substances: No products were found.  
 TSCA 8(b) Inventory : SARA 302/304 emergency planning and notification: No products were found.  
 California Prop. 65 : All materials are listed or exempt.  
 EPA Registration No. : No products were found.  
 : 61178-1-303

**Section 16. Other information**

Hazardous Material Information System (U.S.A.)

Flammable (F+)	3
Fire hazard	2
Reactivity	0
Personal protection	8

Date of Issue : 10-April-2006.  
 Responsible name : Regulatory Affairs

Date of previous issue : No previous validation.  
 Notice to reader

The above information is believed to be correct with respect to the formula used to manufacture the product in the country of origin. As data, standards, and regulations change, and conditions of use and handling are beyond our control, NO WARRANTY, EXPRESS OR IMPLIED, IS MADE AS TO THE COMPLETENESS OR CONTINUING ACCURACY OF THIS INFORMATION.
