ENVIRO CARE Glass Cleaner

Product Safety Information Sheet (MSDS)

This Product Safety Information Sheet is principally directed to managerial, safety, hygiene and medical personnel. The description of physical, chemical and toxicological properties and handling advice is based on experimental results and anticipated exposure.

This Product Safety Information Sheet meets the material safety data sheet (MSDS) requirements of the federal OSHA Hazard Communication Standard (29 CFR 1910.1200).

NFPA 704 Rating

Health 0
Flammability 0
Reactivity 0

Key

0 = Minimal
1 = Slight
2 = Moderate
3 = High
4 = Extreme

I. INGREDIENTS

Enviro Care Glass Cleaner contains no hazardous ingredients as defined in the OSHA Hazard Communication Standard.

II. PHYSICAL PROPERTIES

Appearance: Enviro Care Glass Cleaner is a free-flowing, purple liquid with a pleasant lavender blossom fragrance.

Boiling Point: 212° F.

Specific Gravity: 1.005 (8.4 lbs/gallon)

pH: 4.0

Percent Volatile: 99

Solubility in Water: Complete

III. FIRE HAZARD

Enviro Care Glass Cleaner is not considered a fire hazard, nor will it support combustion.

Use standard firefighting techniques to extinguish fires involving this material (water spray, dry chemicals or foam).

IV. REACTIVITY DATA

Enviro Care Glass Cleaner is stable and non-reactive.

V. HEALTH HAZARD DATA

The principal route of exposure to Enviro Care Glass Cleaner is skin contact. Incidental skin contact is not expected to cause any significant irritation. Prolonged skin contact or eye contact may produce mild irritation.

Enviro Care Glass Cleaner is not listed as a carcinogen by NTP, IARC or OSHA.

VI. FIRST AID

For eye contact, flush with clear water for 15 minutes. For skin contact, wash with soap and water. If swallowed, consult a physician.

VII. PRECAUTIONS FOR SAFE HANDLING AND USE

Keep out of reach of children. Avoid eye and prolonged skin contact.

VIII. SPILL HANDLING

If Enviro Care Glass Cleaner is spilled, recover liquid with wet mop or wet/dry vacuum. Flush residue to sewer with water. Use care, as floor may become slippery.

IX. SPECIAL PROTECTION INFORMATION

Protective equipment is not normally required. If desired, rubber, neoprene or vinyl gloves may be used to minimize skin contact. Splashproof chemical safety goggles may be used to eliminate the possibility of eye contact.
