SECTION 08 EMERGENCY FIRST AID PROCEDURES

For Ingestion: Induce vomiting if concentrate has been ingested by giving 1-2 glasses of water and sticking finger down throat. NEVER give anything to an unconscious person. Get medical attention. Diluted working solution poses no problem of this nature.
For Skin: As for all foreign materials, wash off with water.
For Eyes: PROMPTLY flush with large amounts of water occasionally lifting the lower and upper lids. Call a physician if irritation persists.
Medical conditions aggravated by exposure: No data found.

SECTION 09 OCCUPATIONAL CONTROL PROCEDURES

Ventilation: Use with adequate ventilation. Working solution should not present any general hazard.
Respiratory Protection: Not required under normal working/use conditions.
Eye Protection: Not normally required. Use in specific applications splashes or mists will get into eyes.
Skin Protection: Use gloves if hands will be continuously in solution. Not normally necessary in general use as product is normally used in a spray bottle.
Personal Hygiene: As in handling any detergent, wash thoroughly after using.

SECTION 10 PRECAUTIONS FOR SAFE HANDLING STORAGE AND USE

Precautionary Measures: Avoid contact with eyes and prolonged contact of concentrate with skin. Do not store at elevated temperatures (above 140 deg. F).
Spills Clean-up Procedures: Concentrated materials are packed in very small bags limiting any spills to small quantities. Paper toweling or mopping is usually sufficient.
Disposal Method: Empty bags should be disposed of in normal waste.

GENERAL NOTE ABOUT PORTION PAC PRODUCTS

PortionPac GlassPac detergent formulation is not substantially different from any other commercially available glass cleaner or for that matter any household glass cleaner available in grocery stores. The unique packaging of these materials in unit dosed bags limits the amount of exposure of the concentrate to very small amounts. Spills can be cleaned up with paper toweling or plain mopping. We know of no hazards associated with the proper use and handling of this product.

PortionPac Chemical Corporation makes no warranty, expressed or implied, as to the accuracy, completeness or reliability of this information, except that such information is, to the best of our knowledge and belief, accurate as of the date indicated.
