AI that reads like you do

Perfect for distance and hybrid learning

Filter on and off campus to stay CIPA-compliant on any device or operating system. Deledao Education is perfect for keeping students on task in any type of learning environment.

Filter on and off campus to stay CIPA-compliant.
Measure student engagement

Advanced classroom management!

- Live monitoring of student screens
- Chat with students to give 1:1 support
- Send websites and lock or close tabs to keep students focused
- Easily import Google Classroom rosters

" We are charged with the well-being of students so we decided to use Deledao to monitor their mental well-being. The reporting is very good and lets us know when children are considering self-harm or if there is cyberbullying activity. Now we can get them the help they need. Our school principal is very happy with the product.

Hey slut,
Drop out of school, or I will send your private photo.

Long Sleeves, Fake Smiles

How to cut yourself

> As a district with over 11,000 students, we wanted a few things. One, a content filter that finally works on our Windows devices, not just on Chromebooks. Second, a solution that works off campus for distance learning. Deledao delivered on all its promises and more. It's probably the best thing we bought this entire year.
