

KAJEET DISTANCE LEARNING BUNDLES

Connecting students to their classrooms and teachers during virtual and hybrid learning.

Kajeet has been supporting school districts with reliable and secure distance learning bundles during school closures. Now, our **Complete Unlimited** bundle offers even more with one full year of unlimited data, a free Kajeet SmartSpot, and our Sentinel device and data management system with:

Web Filters. Includes customizable or out-of-the-box CIPA-compliant filters designed for K-12.

Multiple LTE Networks. Connects on all major North American wireless networks – choose the network(s) that works best in your area.

Device and Data Management. Manage devices, data allocations, filters, and access controls.

Complete Unlimited™ Distance Learning Bundle
